MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE:

SUBJECT: The JIGSAW Committee's Recommended Priority Program for Intelligence Production on International Communism.

1. Your memorandum of 16 June 1950, subject as above, has been given the most careful study and consideration by this office.
2. The program outlined by JIGSAW is indeed a good one and should fulfill the needs of many government agencies when completed. However, a survey of the backlog of unfinished work has indicated that personnel shortages prohibit the undertaking of projects outside the sphere of G-2's primary interest at the present time. Considering overall world conditions at the moment, it is felt that this position is understandable.
3. As an alternate solution to assist in the accomplishment of the JIGSAW mission, the Office of the Assistant Chief of Staff, G-2 volunteers to make pertinent files and records available to qualified and properly cleared researchers who may be assigned to the various projects and studies.
